Dolphin Waterproof MP3 Player

Both the Waterproof earphone and the Waterproof MP3 player were tested to comply with IPx7 international water resistant standard. The Waterproof earphone employs a special non-woven fabric membrane to keep the speaker vibration plate dry while maintaining a high quality sound output. The earpieces are attached with a soft silicon earplug that fits snugly in the ears. The earplugs not only keep the earphones dry but also prevent the earphones from coming loose during vigorous activities.

- Plays MP3/WMA files
