PANDEMIC PREVENTION AND RESPONSE Kit & Training Package

CONTENTS

Alcohol Sterilizing Pad

These alcohol wipes are perfect for sterilizing most any surface, at home or on the go. 6 individually packaged pads included in each kit.

Pen Spray Hand Sanitizer

The 8ml personal size Hand Sanitizer gel spray pen is effective at killing 99.9% of common, harmful germs, and bacteria. This Hand Sanitizer is fast drying, non-stinging, and will leave your hands fresh and clean with no sticky residue. Non-Irritating and Non-Toxic - Gentle to skin

N95 Certified Face Mask

This N95 Certified Face Mask helps aid against the spread of bacteria by blocking out at least 95% of germs. These masks are some of the best available with a filter encased in thick layers of non-woven fabrics. The soft band double head straps and nose piece ensure a comfortable fit.

Forehead Thermometer Strip

This safe and convenient forehead thermometer strip shows temperature in just 15 seconds, is re-usable and extremely durable. 1 pc per kit.

Pocket Tissue Pack

Soft, premium quality, facial tissue comes in a pocket pack size. 10 sheets per pack. Great to use anywhere, anytime.

Nitrile Exam Gloves

These nitrile gloves provide the highest grade of protection and are powder free, perfect for a number of different applications. Nitrile gloves keep the user from coming in direct contact with viruses and other bacteria and are the best option for those that are prone to allergies from other glove materials.

Portable Neoprene Case

Made from the same material as a divers wetsuit this ultraportable water resistant case is perfect for prevention on-the-go. With its specially designed zipper it is easy to access all materials inside without losing any. The attached carabineer adds to the portability of this case, just clip and go!

Prevention and Response Guide

A step-by-step instructional guide that outlines the procedures to protect yourself and others in the even of a pandemic.

Pandemic Training eLearning Course

A professionally designed interactive eLearning course created in collaboration with several leading public health organizations.
